ELIGIBITY FOR SWIMMING: Contestants are limited in competition to no more than four (4) events – two individual and two relays, or one individual and three relays. Being designated as a relay contestant shall not count as an event **until officially assigned** at the coaches meeting on the day of competition.

TEAM SCORING: For those schools that sponsored a team during the regular season and participated in at least nine (9) dual meets, sixteen-place championship scoring will be used to determine a team champion.

ASSIGNMENT OF OFFICIALS: Officials will be assigned by District XI Committee person in charge of Swimming and Diving or their designee.

SPORTSMANSHIP STATEMENT: PIAA requires all registered sports' officials to enforce the sportsmanship rules for coaches and contestants. Actions meant to demean opposing contestants, teams, spectators and officials are not in the highest ideals of interscholastic education and will not be tolerated. Let all contests reflect mutual respect. Coaches please certify prior to the contest official(s) that your contestants are legally equipped according to NFHS rules and PIAA adoptions.

PIAA registered officials who observe contestants simulating the firing of a weapon at another person are strongly recommended to consider these actions as unsportsmanlike and enforce associated penalties. Actions directed toward a person should be treated more severely than those that are not.

DATA COLLECTION: All swimming and diving meets with the expectation to be used for the qualification in the District XI Championship should be sent to the appropriate result collector within 72 hours following completion of the event. In situations where results files are not sent within 72 hours, those results will not be used for District entry and qualification.

QUALIFICATION FOR ENTRY: There will be 16 team or individual qualifiers in every event, except for the 50 Freestyle, where there will be a maximum of 24 qualifiers.

1. Each event except the 50 free will have a maximum of 16 swimmers. Events with less than 16 automatic qualifiers will have the remaining lanes filled with the next fastest consideration times submitted. This will allow for 2 full heats of swimmers.

2. Should there be 17 or more automatic qualifiers, a 3rd heat will be run. If a 3rd heat is necessary, there will be no consideration times used. In no case will there be more than 24 swimmers in an event.

3. The 50 freestyle will have 3 full heats using consideration times if needed to fill to the 24th seed. Again, in no case will there be more than 24 swimmers in an event.

4. Each school who desires to enter one relay team in each relay event may do so. Qualification and consideration time are not standards for relays. A maximum of one relay team per school is allowed.
